# Quilter's Rule Rulers

*covers the uses of the Quilter's Rule Original Ruler & Junior Ruler*

**The lines and numbers are molded into the ruler for perfect accuracy.**

The original ruler designed by a quilter for the craft and quilting enthusiast. Designed with a little extra width and length needed when measuring and cutting borders. Ideal companion for the Rotary Cutter.

**Simple and easy to use. One size multi-purpose ruler:**

- 45° Bias measuring lines & 60° equilateral triangle lines
- 1/4" grided measurements throughout the ruler
- 1/2" perpendicular lines

**How to use with scissors:**

- Mark and cut a straight edge across the material
- Place desired width line on the straight edge
- Mark and cut
